

# SPRAYCHALK

## TEMPORARY REMOVABLE MARKING CHALK FOR SYNTHETIC TURF, ASPHALT, CONCRETE.

Temporary and completely removable line, logo, sign, marking chalk for synthetic turf fields, asphalt, concrete and numerous other substrates. Available in Bright White and 10 vibrant fluorescent colors. Lines, logos and signs will wash away with weather exposure or wear off with excessive traffic. Any unwanted lines can be easily brushed off or washed away with soapy water whenever needed.

This **Eco-friendly** water based proprietary formula is specifically designed to stripe temporary removable lines and paint temporary logos on synthetic turf fields. Available in white and 10 vibrant colors. No other company has the quality, performance and selection as **SPRAYCHALK**. Aerosol cans will not clog and will empty completely. **SPRAYCHALK** is designed to spray sharp, bright lines which are **safe for all types of synthetic turf fields and other surfaces**. Cans are fitted with universal " T " tips that fit most machines and will spray a 2 to 4-inch-wide adjustable line. **SPRAYCHALK** is also available in a narrow spray pattern cylindrical UMA tips.
