

STRIPE-X AEROSOL REMOVABLE PAINT

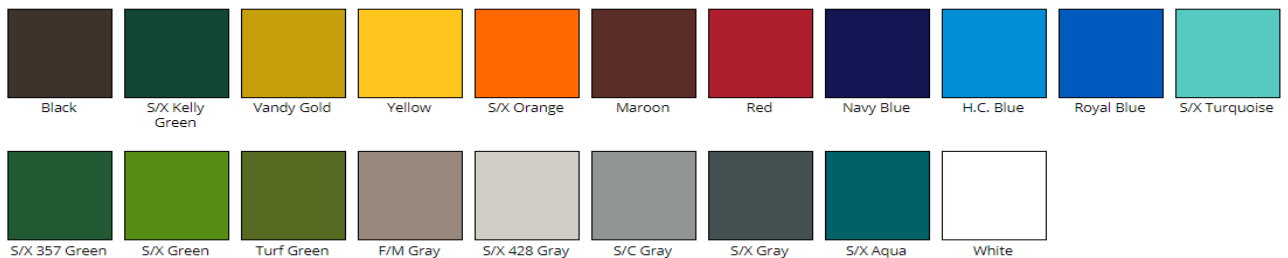

REMOVABLE AEROSOL PAINT TO MARK LINES, PAINT LOGOS ON SYNTHETIC TURF FIELDS.

Convenience of aerosol cans containing a **true removable water base paint that is safe, easy to use and designed to be safe for all substrates.** This paint contains a proprietary resin binder that wrinkles up and comes loose when **STRIPE X** remover or PAINTOFF remover is applied on the paint lines. The remover is not a petroleum-based solvent but contains water-based chemicals that breaks-up the binder in the paint and makes it come apart.

STRIPE X is a unique, proprietary formula that is packaged in easy to use aerosol cans. **Aerosol cans of this specially formulated removable paint can be spray be applied similar to conventional aerosol paints but at later time can easily be removed with the use of STRIPE X Remover.** Being a water base paint formulation, it is safe for the user and the environment. It will not damage any type substrate including synthetic field turf, asphalt or concrete. Specially designed tips will spray crisp, sharp lines, that are durable and bright. Successfully used by hundreds of High Schools, Colleges, Parks and Recreation, DOT Departments all over the US for the past 5 years. When properly shaken before use, STRIPE-X removable aerosol paint cans will not clog and will completely empty.
