

REWORKS

CLEANS, RESTORES, REJUVENATES, PROTECTS DAMAGED FLOOR FINISHES-WAXES-POLISHES.

REWORKS is a uniquely formulated floor finish-wax-polish cleaner, restorer, rejuvenator. It is a concentrated product, must be diluted with at least 10 parts of water before use. **Can be applied with all conventional methods, good quality mop or a micro fiber pad. Once dry it can be polished with a high speed burnished (1500 rpm +).** It can be applied over and is compatible with other brand name finishes that might be already applied on the floor. **REWORKS** fills in scratches and brings back vibrant gloss and shine. It further seals and protect the floor finish from stains, reduces buffing pad "swirling". **Reduces black heel marks, scratches, improves original shine, does not powder, extends stripping cycle, slows finish buildup.** Successfully used on Laminates, Linoleum, Slate, Concrete, Tiles, No Wax flooring, Vinyl, Terrazzo, Quarry tiles, Marble.

priced by the gallon. Packaged in 1-gallon or 5-gallon containers.

- Fills in scratches, restores the gloss, the appearance and the traction of old damaged floors.
- **Seals and protects against future damage of the restored floor finish.**
- Easy to use, Easy to spread, Low odor, Easy to burnish polish and clean.
- Tested to be compatible with all USFT floor finishes and most other brand name finishes-polishes.
- **Reduces black heel marks, scratches, does not powder, improves upon the original shine of the finish.**
- **Safe and effective on most commonly used floor finishes, waxes, polishes.**
- **Will not damage the base substrate and the clear restored finish will not turn yellow overtime.**
- Great for use on laminate flooring.
