

G-FORCE

NO ODOR, ZERO EMISSION, ZERO VOC, GREEN WAX STRIPPER, FLOOR FINISH REMOVER.

Revolutionary formulation of a green floor wax stripper that emits zero volatile organic compounds VOC's and has negligible odor. Releases zero emissions, odorless, yet powerful enough to penetrate, lift-up, dissolve, strip and remove all metal cross linked floor finishes, waxes and sealers. Makes floor stripping easy and a headache free experience with no strong odor and without contaminating air-quality or the work environment.

G-Force is a concentrated, zero VOC's (Volatile Organic Compounds) odorless, safe, zero emission green floor wax-polish-sealer-finish remover, stripper. **G-Force** can be diluted with 12 parts of water. Adjust the dilution to increase or decrease the strength of the solution. According either just deep clean, partially strip or completely dissolve remove strip the floor. **Being odorless it makes stripping the floor a pleasant, headache-free experience with no odor in clothing or shoes. No neutralizer needed. Not regulated for transportation. Qualifies for LEEDS credit. VOC compliant.**

- Specially formulated concentrated STRIPER to liquefy and remove sealers - waxes - floor polishes. **NO ODOR, NO EMISSIONS. VOC compliant.**
- Concentrated formula to reduce expense of transportation, packaging and waste. Add 1-part product to 12 parts of water.
- Low foam, dilutes with water of any temperature, spreads evenly on the floor.
- Headache free, leaves no stripper smell on clothes, shoes or in the room. Recommended for hospitals, schools, restaurants.
- Safe for use on vinyl composite tiles (VCT). Contains Zero "0 Volatile Organic Compounds (VOC's)
- Qualifies for LEEDS credit. Not regulated for transportation. No emissions DOES NOT contribute to bad air quality or smog.
